SUBJECT: COMPLIANCE FILING – REVISED TARIFF SCHEDULE 84

On December 3, 2013, Idaho Power filed revisions to Schedule 84, its net metering tariff, as directed by Order No. 32925. The revisions include tariff modifications associated with the item previously under reconsideration in Order No. 32872, namely, the language addressing the issue of applying net metering credits to offset usage at multiple meters.

STAFF REVIEW

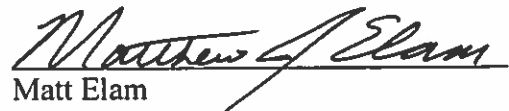

Staff reviewed Schedule No. 84 to determine whether it complies with Commission Order No. 32925. Staff worked with the Company to clarify one sentence; consequently, on December 12, 2013, the Company filed a substitute tariff sheet to reflect the change. With this change, Staff now believes the tariffs comply with Commission Order No. 32925.

STAFF RECOMMENDATION

Staff recommends that Idaho Power's compliance filing to change Schedule No. 84 be approved and be allowed to go into effect on January 1, 2014.

COMMISSION DECISION

Does the Commission wish to approve the tariff changes to Schedule No. 84?
